

National MI Announcement: UW: 2014-13

Date of Announcement: December 15, 2014

Effective Date of Changes: Currently in Effect

National MI Alignment with the GSEs' Expanded 97% LTV Lending

On December 8, 2014, Fannie Mae and Freddie Mac published announcements re-introducing and expanding 97% LTV financing.

Our National MI TrueGuide® underwriting guidelines have consistently offered options for 97% LTV borrowers and we view the GSE eligibility changes as a positive development because they provide responsible low down payment alternatives for qualifying borrowers.
